Introduction

This factsheet states some of the key policies of The Scout Association so you have them together in one document for ease of reference. All adults in Scouting are expected to operate in accordance with the key policies of The Scout Association.

The Fundamentals of Scouting

Purpose

The Purpose of Scouting is to contribute to the development of young people in achieving their full physical, intellectual, social and spiritual potentials, as individuals, as responsible citizens and as members of their local, national and international communities.

Principles

The Principles of Scouting are Duty to Self; Duty to Others; and Duty to God. We believe that the world is a better place when people are trustworthy, self-controlled and self-confident; work together to serve other people and to improve society; show responsibility for the natural world and proper respect for possessions and property; have self respect and respect for others; and have an active religious faith.

Method

Scouting uses a Method, which is young people, in partnership with adults:

- enjoying what they are doing
- learning by doing
- participating in varied and progressive activities
- making choices for themselves

- taking responsibility for their own actions
- working in groups
- taking increasing responsibility for others
- taking part in activities outdoors
- sharing in prayer and worship
- making and living out their Promise.

Religious Policy

The Scout Movement includes Members of many different forms of religion. The following policy has received the approval of the heads of the leading religious bodies in the United Kingdom.

All Members of the Movement are encouraged to:

- make every effort to progress in the understanding and observance of the Promise to do their best to do their duty to God
- belong to some religious body
- carry into daily practice what they profess.

Equal Opportunities Policy

Young people

The Scout Association is committed to extending Scouting, its Purpose and Method to young people in all parts of society.

No young person should receive less favourable treatment on the basis of, nor suffer disadvantage by reason of:

- class
- ethnic origin, nationality (or statelessness) or race
- gender

- marital or sexual status
- mental or physical ability
- political or religious belief.

All Members of the Movement should seek to practise that equality, especially in promoting access to Scouting for young people in all parts of society. The Scout Association opposes all forms of racism.

Note: With reference to gender, Membership of the youth Sections of the Association is open to girls and young women of the appropriate ages subject to Policy, Organisation and Rules rules 3.6, 4.6 and 5.6

Leaders and other volunteers

To carry out its work the Association seeks to appoint effective and appropriate Leaders, and to involve other volunteers in supporting roles, all of whom are required to accept fully the responsibilities of their commitment.

The overriding considerations in making all appointments in Scouting shall be the safety and security of young people, and their continued development in accordance with the Purpose of the Association.

Accordingly, all those whom the Movement accepts as volunteers must be 'fit and proper' persons to undertake the duties of the particular position to which they have been appointed (including, if relevant, meeting the requirements of the Sponsoring Authority) and, where appropriate, the responsibilities of membership.

In making an appointment to a particular leadership or support position it may be appropriate to consider the gender and/or ethnicity of the potential appointee, in particular to ensure appropriate composition of leadership or supporting teams.

The physical and mental ability of a particular potential appointee to fulfil a particular role will always be a relevant factor to consider.

Within these constraints, and those imposed by the need to ensure:

- the safety and security of young people

- the continued development of young people and
- equal opportunities for all.

No person volunteering their services should receive less favourable treatment on the basis of, nor suffer disadvantage by reason of:

- age
- class
- ethnic origin, nationality (or statelessness) or race
- gender
- marital or sexual status
- mental or physical ability
- political or religious belief.

Note: Paedophilia is a bar to any involvement in the Scout Movement.

Note: With reference to religious belief, the avowed absence of religious belief is a bar to appointment to a Leadership position.

Safety Policy

It is the policy of The Scout Association to provide Scouting in a safe manner without risk to health, so far as is reasonably practicable.

The Association believes that this responsibility ranks equally with the other responsibilities incumbent upon those providing Scouting activities and functions.

It is the responsibility of all those involved in Scouting to seek, so far as is reasonably practicable, to ensure that:

- all activities are conducted in a safe manner without risk to the health of participants
- the provision and maintenance of equipment and buildings for Members and others is safe and without risk to health and adequate for their welfare
- information, instruction, training and supervision is provided with the object of ensuring the health and safety of all those involved in Scouting activities or who may be affected by them

- appropriate arrangements are made to ensure safety and the absence of risks to health in connection with the use, transport, storage and handling of equipment, and substances which are inherently or potentially dangerous.

Development Policy

Subject to the Rules governing age ranges and mixed membership the Scout Movement is open to all young people of whatever background.

The Scout Association recognises, however, that access to Scouting is not equally available to all groups and communities across society as a whole.

The Operations sub-Committee of the Committee of the Council and the Regional Development Service at Headquarters support the Movement in its work in making Scouting available to all.

In particular, through the use of innovation and experiment, it supports local Scouting in meeting the needs of young people in areas of urban disadvantage or priority, in highly rural areas, and among the minority ethnic communities.

It also works in collaboration with other agencies to support those disadvantaged young people who might benefit from its programme and ethos, and who may never become full Members of the Movement.

Child Protection Policy (Young People First)

It is the policy of The Scout Association to safeguard the welfare of all Members by protecting them from physical, sexual and emotional harm.

Accordingly The Scout Association is committed to:

Anti-Bullying Policy

"Children have the right to protection from all forms of violence (physical or mental). They must be kept safe from harm and they must be given proper care by those looking after them." [The United Nations Convention on the Rights of the Child, Article 19]

The Scout Association is committed to this ethos and seeks to ensure, as far as is reasonably practicable, the prevention of all forms of bullying among Members. To this end all Scouting activities should have in place rigorous anti-bullying strategies.

Responsibilities and commitments of an Appointment

Each new Appointment will involve a number of responsibilities and commitments. These should

be outlined, and explained, by your line manager when agreeing your job description.

Training obligations of the Appointment

It is likely that while you will already meet many of the requirements of your new Appointment, there will be other areas where you will need further learning. In addition to this there may also be subjects for which training is obligatory. Your line manager should discuss appropriate training and learning requirements and opportunities with you.
